

Risk Management for Supervisors & Managers:

- Assist with compliance with OHS and Other Relevant Laws – BSBOHS408A
- Identify Hazards and identify OHS Risks - BSBOHS403B
- Contribute to the Implementation of Strategies to Control OHS Risk - BSBOHS40BA

Overview:

Safety Training & Compliance Pty Ltd is a registered training organisation (RTO). Our mission is to provide the highest quality of convenient and practical training to our clients. We offer clear, customised courses to make safety easy to understand and apply to all work environments.

This course aims to familiarise participants with the knowledge and skills necessary to apply the principles of risk management as an integral part on an effective OHS management system. The course should also assist in the development of appropriate attitudes to enable supervisors to effectively manage health and safety in their areas of responsibility.

Objectives:

The aim of this course is to provide participants with the following ability:

- Effective management of OHS management systems
- Effective management of OHS in areas of responsibilities
- OHS Legislation
- AS/NZS 4801:2000 OHS Management Systems – specification with guidance for use.

Outcomes:

All course participants will receive a Statement of Attainment for three units of competency that have been completed as well as a Certificate of Attendance upon successful completion of the course.

Training Venues:

Training can be delivered in our training centre or at your workplace. Our training facility is located in the Cooyong Centre, 1 Torrens Street Braddon ACT 2612.

Course Duration:

2 days (14.0 hours)
